

Joseph R. Benedetto Scholarship

Description

The Joseph R. Benedetto Scholarship is intended to support those engaged in or planning to work in the engineering/manufacturing fields. A **student** registered in a full-time course related to engineering or manufacturing in Canada, is eligible to apply. Candidates can reside anywhere in Canada but the educational institution they attend should be in Ontario. At the Scholarship Committee's recommendation exceptions may be made.

This scholarship was founded by Toronto Chapter 26 in the mid-1990s and created to acknowledge the significant contribution to the Chapter by Joseph R. Benedetto, (1931-2013), a longtime member and past chapter chair.

A maximum of three scholarships up to a total of CAD\$3000.00, will be awarded each calendar year. The application deadline is February 3, 2023. Results will be announced in May. SME membership is not a requirement. Membership in SME is awarded as part of the scholarship.

A complete Scholarship description, the application process and the application form can be found on SME Chapter 26's web site at <https://connect.sme.org/communities/home/100>
